

# Java Spirit Retreat

AN ELEMENTAL JOURNEY INTO ABUNDANCE

NOV 21 – 29, 2026 | 9 Days | Central Java & Karimunjawa, Indonesia

There are places in the world that do not merely welcome you — they initiate you. Java is one of them. Where the desert teaches spaciousness and stillness, the jungle teaches something different: abundance, aliveness, the unstoppable force of life renewing itself. Roots that hold. Water that flows. Green that rises, again and again, without effort.

The Java Spirit Retreat is an immersive 9-day journey into the heart of that aliveness — guided through the Soul SPARCK Method, with horses as mirrors, the elements as teachers, and the ancient stones of Borobudur holding the field. Rooted in embodiment practices, systemic awareness, and shamanic guidance, each day opens a different element of the soul.

This is not a wellness holiday. It is an initiation into your own nature. My intention is simple: to create the space in which you can embrace the fullness of your heart — and allow your next inspired step to rise from that deep inner knowing.

### **This is for you if...**

- ◆ You are ready to **nourish your soul** — not push, not perform, but genuinely receive the abundance that life is offering.

## 9-Day Itinerary

### Day 1 · NOV 21 — ARRIVAL

You arrive into a serene Indonesian setting held by nature and simplicity. An evening welcoming circle, grounding practices, and first connection to your intention for the journey.

### Day 2 · NOV 22 — EARTH & GROUNDING

Horse Alchemy. Begin with the element of Earth — grounding, presence, and connection to the body. Your first encounter with the horses invites honesty and a return to your natural state.

### Day 3 · NOV 23 — FIRE & TRUTH

Horse Alchemy. Move into Fire — energy, transformation, and inner truth. Activate your life force, meet what wants to move, and step into a more authentic expression of yourself.

### Day 4 · NOV 24 — WATER & FLOW

Visit to Curug Lawe Waterfall. The element of Water invites emotional release, softness, and flow. A day of cleansing, opening, and allowing your inner world to move freely.

### Day 5 · NOV 25 — AIR & EXPANSION

Borobudur. Enter the element of Air — spaciousness and connection to spirit. Surrounded by ancient wisdom, clarity emerges as the mind softens and the heart opens.

### Day 6 · NOV 26 — HEART & INTEGRATION

Horse Alchemy. Return to the horses for integration and alignment. Anchor a new way of being — more connected, present, and aligned with your truth.

### Day 7 · NOV 27 — TRANSITION & BEAUTY

Travel to Karimunjawa tropical island. The energy softens, the pace slows. Transition from inner

work into spacious integration.

### Day 8 · NOV 28 — INTEGRATION & JOY

Surrounded by ocean and openness, you are invited to simply be. Optional gentle practices and time in nature support the integration of your journey.

### Day 9 · NOV 29 — CARRY THE SPARK

Departure. You leave with a deeper connection to your body, your truth, and your path. Carry this presence into your life and keep the spark alive.

## The Gifts of the Jungle

<b>ABUNDANCE</b>	Life so dense and generous it dissolves the story of not-enough. The jungle does not withhold.
<b>FLOW</b>	Water finding its way through every obstacle — a reminder that ease is not weakness, it is wisdom.
<b>VITALITY</b>	Raw green life force — the energy that rises in every seed without permission. Your body remembers this.
<b>DEPTH</b>	Layers upon layers: canopy, understorey, root. A mirror for everything in you that is still waiting to be discovered.
<b>SACRED FREQUENCY</b>	Ancient, alive, and always present. Java carries the memory of those who came here to awaken.
